September 2019
FOI_3883

The following information was requested on 11 July 2019:

*On the 10th November 2017, as a response to my Freedom of Information Request (FOI_3114), Corporate Governance Officer of NHS Resolution kindly sent information to me about all clinical negligence claims made since 1st January 2002 up to 30th September 2017 against the NHS by women diagnosed with breast cancer. This information has proven both very useful and very informative. This information was updated (FOI_**3467**) within the new data protection legislation on the 17th November 2018 for claims from 30th September 2017 to 31st March 2018. I now require a further update from 31st March 2018 to the present day.*
Due to the fact that breast cancer has been logged on your computerised system in many different ways using very different terminology [you have] used the following search criteria to locate the claims.

- ***All 'breast cancer' CNST claims (including DH legacy claims with an incident date >= 01/04/1995) notified to NHS Resolution / NHS Litigation Authority since 2001/02)***
- ***Selection based on incident description including the words 'breast' or 'mastectomy' or 'mammogram' and 'injury' including the words 'cancer' or 'tumour'***
- ***Also includes claims where 'breast' is in the 'incident details' alongside the words 'lump' or 'carcinoma' or 'FNA' or 'biopsy' or 'tumour' or 'cancer' or 'clinic' or 'tissue'***

*Under the Freedom of Information legislation, I would like to update the information I have already received. I would therefore be grateful if you would use the search criteria above so that any new information is comparable. I would like the information organised in a similar way to that supplied (FOI_**3467**), which I have attached to this email. In fact, if it easier just to update her information so that it runs from the 31 March 2018 to the present day then this would be absolutely fine.*

Our Response

Please find attached the requested information.

Please note we have supressed low figures as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3) (a) (i) of the Freedom of Information Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation.

In some instances the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals identities', as

disclosure could potentially cause damage and/or distress to those involved. Where we are in the territory of such small numbers in the attached, we have used a '#' symbol in the relevant field. You should still be able to see aggregate/total details for higher-level fields containing this data.

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to Tinku Mitra, Head of Corporate and Information Governance for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

TABLE OF CONTENTS

Questions:

1. Of the cases of which [FOI_3114] sent me details in November 2017, how many of these cases have since been settled successfully (open → successful) in favour of the claimant?
2. Of these successful cases, what were: the total damages paid to the claimants, the total defence costs and the total claimant costs? By this I mean total amounts in each of the three categories, not individual amounts per claimant.
3. Of these successful cases, how many involved younger women (up to and including the age of 49 at the time of the incident) and how many involved older women (50 years old and upwards at the time of the incident)?
4. Since 31st March 2018 how many new breast cancer claims (successful or otherwise) have been made? (Please use the same search criteria as [FOI_3114].)
5. Of these new breast cancer claims how many are by younger women (up to and including the age of 49 at the time of the incident) and how many are by older women (50 years old and upwards at the time of the incident)?
6. Of these new breast cancer cases, how many to date have been settled successfully in favour of the claimant?
7. Since 1st January 2002, (using the same search criteria as [FOI_3114]) in total how many breast cancer claims have there been? How many of these claims have been successful?
8. Since 1st January 2002, in total how many claims for any type of cancer have there been? How many of these claims have been successful?
9. Since 1st January 2002, in total how many claims for any reason have there been? How many of these claims have been successful?
10. Since 1st January 2002, (using the same search criteria as [FOI_3114]), what have been the total damages paid to the claimants, the total defence costs and the total claimant costs for successful breast cancer claims? Please give all three figures.
11. Since 1st January 2002, what have been the total damages paid to the claimants, the total defence costs and the total claimant costs for successful claims related to any type of cancer? Please give all three figures.
12. Since 1st January 2002 what have been the total damages paid to the claimants, the total defence costs and the total claimant costs for all successful claims for any reason? Please give all three figures.

Table 1: Number and Cost of Claims Closed/Settled with damages payment up to 31-Mar-2019 (originally declared Open on FOI_3114).

Table 5: Number and Cost of Claims Closed/Settled with damages payment from 01-Jan-2002 to 31-Mar-2019 with breakdown of Cancer Type, Gender and Age Group.

Response to (Bold items):
7.Since 1st January 2002, (using the same search criteria as FOI_3114*) in total how many breast cancer claims have there been?* ***How many of these claims have been successful?***
8. Since 1st January 2002, in total how many claims for any type of cancer have there been? ***How many of these claims have been successful?***
9. Since 1st January 2002, in total how many claims for any reason have there been? ***How many of these claims have been successful?***
10.Since 1st January 2002, (using the same search criteria as* FOI_3114*), what have been the total damages paid to the claimants, the total defence costs and the total claimant costs for successful breast cancer claims? Please give all three figures.
11. Since 1st January 2002, what have been the total damages paid to the claimants, the total defence costs and the total claimant costs for successful claims related to any type of cancer? Please give all three figures.
12. Since 1st January 2002 what have been the total damages paid to the claimants, the total defence costs and the total claimant costs for all successful claims for any reason? Please give all three figures.
