FOI_6246

The following information was requested on 24 October 2023:

- A breakdown by organisation (for example, which trust) of the number of claims NHS Resolution has settled/resolved and the method by which they were settled/resolved (for example, mediation, trial) for each of the following five financial years: 2018-19, 2019-20, 2020-21, 2021-22 and 2022-23

If this breakdown cannot be provided by years because the numbers are too small, please could I have:

- A breakdown by organisation (for example, which trust) of the number of claims NHS Resolution has settled/resolved and the method by which they were settled/resolved (for example, mediation, trial) during all of the last five financial years (e.g. 2018-19 until 2022-23)

Our Response

Please find attached the requested information. This information only covers England and not the rest of the UK.

We have provided data on clinical and non-clinical claims cases.

NB: We have recently changed the way we report on our FOIs to align better with our published documents. Streamlining our reporting on FOIs with our annual published reports may mean a variation in snapshot dates. This means this data may not align with previous similar requests and it may not be possible for you to compare this information with a previous request. For further information, please refer to <https://resolution.nhs.uk/resources/understanding-nhs-resolution-data>.

Please note claims notified/received and open are not guaranteed to be settled in the same year and can take many years to be concluded. Claims notified/received in any given year will often relate to incidents that have occurred many years prior. Claims closed in any given year will often relate to claims received/notified many years prior.

Table 1 shows: - Number of Clinical and Non-Clinical Claims Closed with a damages payment (or settled with a periodical payment order) between financial years 2018/19 and 2022/23, broken down by litigation stage and organisation.

Please note Claims recorded against the Department of Health and Social Care (showing as Department of Health) include liabilities arising from defunct NHS organisations, which transferred to the Secretary of State for Health and Social Care when those organisations were abolished. These also include NHS clinical negligence claims made against current and former GP members of medical defence organisations (currently MDDUS and MPS only) in respect of liabilities incurred before 1 April 2019. These are managed under ELSGP. Please see our website for details ([Existing Liabilities Scheme for General Practice - NHS Resolution](#)).

Table 2 shows: - Number of Clinical and Non-Clinical Claims Closed between financial years 2018/19 and 2022/23 with **NIL** Damages paid, broken down by litigation stage and organisation.

Table 3 shows: - Total number of mediations and number (including percentage) of Clinical and Non-Clinical Claims Settled or Resolved at mediation (or within 28 days) between financial years 2018/19 and 2022/23.

We are unable to breakdown the mediation table by organisation as this would result in too many low value numbers which would need to be hashed out due to data protection grounds. Please refer to our low numbers refusal notice below for further explanation.

PPOs -

PPOs are an agreement between the parties, to pay an initial lump sum and regular future payments (PPO damages) related to the injured party's ongoing needs, usually care for life i.e., a percentage of the full value of the claim is paid at the point of settlement (lump sum damages) with the balance paid at regular intervals over subsequent years.

Low Numbers

We have suppressed low figures (and we are unable to breakdown the mediation data by individual organisation) as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3A)(a) of the Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation. We take the view that it would not be fair or lawful (given the sensitive and confidential nature of the information held) to disclose such

information, and any disclosure would therefore contravene the first data protection principle.

In some instances, the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals' identities, as disclosure could potentially cause damage and/or distress to those involved.

Further to our obligations to provide advice and assistance, you may find it helpful to review the work of the [Getting It Right First Time team](#) with whom NHS Resolution has been working with to undertake in-depth analysis of our claims data. They have produced a number of [reports](#) from analysing our claims data, which has been shared following approval of the confidentiality advisory group to the use of confidential patient information for this purpose.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Deputy Director of Corporate and Information Governance, Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
