Telephone: 020 7811 2700

December 2024
FOI_6883

The following information was requested on 26 November 2024:

This is a request under the Freedom of Information Act.

I would like to request information in relation to national statistics on litigation claims and damages in relation to 'pressure ulcers' ("Code 97").

Specifically, I request information on the number of claims received by the NHS and a breakdown of claims closed with no damages paid, those closed with a damages payment, and the associated costs over the timeframe 2013/14 – 2023/24.

If possible, I would like a national overview of this data accompanied by a breakdown for each Trust.

Our Response

Please find attached the requested information we are able to provide. This information only covers England and not the rest of the UK.

Please note: We have recently changed the way we report on our FOIs to align better with our published documents. Streamlining our reporting on FOIs with our annual published reports may mean a variation in snapshot dates. This means this data may not align with previous similar requests and it may not be possible for you to compare this information with a previous request. For further information, please refer to <https://resolution.nhs.uk/resources/understanding-nhs-resolution-data>.

Claims notified/received in any given year will often relate to incidents that have occurred many years prior. Due to the nature of clinical negligence claims and the level of investigation needed to bring them to a resolution, claims received and notified in a specific year may take years to settle and close. They are not guaranteed to be settled and closed in the same year. As such, there will be a time gap between incident and claim closure.

Due to the way in which data is extracted, it is also possible that the same claim may appear more than once in a dataset, across different year groups e.g. where the case

has been closed (as nil damages payment), challenged, reopened, and closed again at conclusion.

The data shows variation in numbers of cases received, closed per year, and costs attributed to those claims. This is a reflection of the nature of individual claims received and resolved by NHS Resolution which can vary significantly. As such these fluctuations cannot be interpreted as trends.

The data provided covers our CNST scheme. For information about our Clinical Negligence Scheme for Trusts, please visit our website here: [Clinical Negligence Scheme for Trusts - NHS Resolution](#)

Table 1 shows: - Number of CNST Claims and Incidents received between financial years 2013/14 and 2023/24 where the Primary Injury is '**Pressure Sores**'.

Table 2 shows: - Number of CNST Claims and Incidents received between financial years 2013/14 and 2023/24 where the Primary Injury is '**Pressure Sores**'. Broken down by Trust.

Please note Claims recorded against the Department of Health and Social Care (showing as Department of Health) include liabilities arising from defunct NHS organisations, which transferred to the Secretary of State for Health and Social Care when those organisations were abolished.

Table 3 shows: - Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2013/14 and 2023/24 with a damages payment, where the Primary Injury is '**Pressure Sores**'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement.

Table 4 shows: - Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2013/14 and 2023/24 with a damages payment, where the Primary Injury is '**Pressure Sores**'. Broken down by Trust. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement.

Table 5 shows: - Number and Cost of CNST Claims Closed between financial years 2013/14 and 2023/24 with **NIL** damages paid where the Primary Injury is '**Pressure Sores**'.

Table 6 shows: - Number and Cost of CNST Claims Closed between financial years 2013/14 and 2023/24 with **NIL** damages paid where the Primary Injury is '**Pressure Sores**'. Broken down by Trust.

Please note: the tables broken down by Trusts should not be interpreted as a league table. Larger member organisations and those which provide more complex treatments may receive more claims than smaller organisations or those providing low risk care. Inevitably, different institutions face different levels of risk because of the variations in the nature and complexity of the procedures they perform. In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Low figures

We have not provided the information for low figures involved, as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3A) (a) of the FOI Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation. We take the view that it would not be fair or lawful (given the sensitive and confidential nature of the information held) to disclose such information and any disclosure would therefore contravene the first data protection principle.

In some instances, the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals' identities, as disclosure could potentially cause damage and/or distress to those involved.

Further to our obligations to provide advice and assistance, you may find it helpful to review the work of the [Getting It Right First Time team](#) with whom NHS Resolution has been working with to undertake in-depth analysis of our claims data. They have produced a number of [reports](#) from analysing our claims data which has been shared following approval of the confidentiality advisory group to the use of confidential patient information for this purpose.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Deputy Director of Corporate and Information Governance, Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in

relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

TABLE OF CONTENTS

NB: Number of claims fewer than 5 (and any associated values, within the same row) are masked with a "#" (in accordance with Data Protection guidelines). Accordingly, some total values may also be approximated to prevent masked values to be deduced through reverse calculation.

Table 1: Number of CNST Claims and Incidents received between financial years 2013/14 and 2023/24 where the Primary Injury is 'Pressure Sores'.

Table 2: Number of CNST Claims and Incidents received between financial years 2013/14 and 2023/24 where the Primary Injury is 'Pressure Sores'. Broken down by Trust.

Table 3: Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2013/14 and 2023/24 with a damages payment, where the Primary Injury is 'Pressure Sores'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement.

Table 4: Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2013/14 and 2023/24 with a damages payment, where the Primary Injury is 'Pressure Sores'. Broken down by Trust. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement.

Table 5: Number and Cost of CNST Claims Closed between financial years 2013/14 and 2023/24 with NIL damages paid where the Primary Injury is 'Pressure Sores'.

Table 6: Number and Cost of CNST Claims Closed between financial years 2013/14 and 2023/24 with NIL damages paid where the Primary Injury is 'Pressure Sores'. Broken down by Trust.

Table 1: Number of CNST Claims and Incidents received between financial years 2013/14 and 2023/24 where the Primary Injury is 'Pressure Sores'.
