FOI_7469

The following information was requested on 01 October 2025:

NHSR previously provided the following: [FOI 6677 Top-20-highest-paid-claimant-firms.pdf](#)

Which covered:

- *Claimant legal costs for clinical negligence claims, broken down by the top 20 claimant firms, and the number of claims these costs relate to*
- *Could you also please provide the total clinical negligence claimant legal costs figure for all claimant firms for the financial year 2023/24, and the number of claims these costs relate to. For **all** firms I am just after the total figure, **not** a breakdown for each firm.*

Could you now please provide all the equivalent information for the financial year 2024/25.

Our Response

Please find attached the requested information in relation to the top 20 highest paid claimant firms by the sum of claimant costs paid.

NB: We have recently changed the way we report on our FOIs to align better with our published documents. Streamlining our reporting on FOIs with our annual published reports may mean a variation in snapshot dates. This means this data may not align with previous similar requests and it may not be possible for you to compare this information with a previous request. For further information, please refer to [Guidance-note-Understanding-NHS-Resolution-data-updated](#)

Please note: Legal costs (claimant) = Legal costs and disbursements paid to claimants and their solicitors.

Please find attached the following tables:

Table 1 shows: The top 20 Claimant firms by claimant legal costs paid in the financial year 2024/25 for clinical negligence claims (includes: open, settled with a PPO and closed claims).

Table 2 shows: The number of claims and total claimant legal costs paid in the financial year 2024/25 for clinical negligence claims (includes: open, settled with a PPO and closed claims).

Further to our obligations to provide advice and assistance, you may find it helpful to review the work of the [Getting It Right First Time team](#) with whom NHS Resolution has been working with to undertake in-depth analysis of our claims data. They have produced a number of [reports](#) from analysing our claims data which has been shared following approval of the confidentiality advisory group to the use of confidential patient information for this purpose.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Joanne Appleby](#), Deputy Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.
