December 2025

FOI_7514

The following information was requested on 27 October 2025:

Under the Freedom of Information Act, I would like to request the following information:

Number of notifications of child brain damage during childbirth, maternity and neonatal care as a result of negligence in the past 10 years (tax years 2014-2015 to 2024-2025).

Number of claims settled in the past 10 years (tax years 2014-2015 to 2024-2025) regarding negligent child brain damage during childbirth, maternity and neonatal care.

Amount paid out in damages and legal fees in the past 10 years (tax years 2014-2015 to 2024-2025) regarding negligent child brain damage, during childbirth, maternity and neonatal care.

A breakdown of the number of notifications, number of claims settled and amount paid out in damages and legal fees for child brain damage, during childbirth, maternity and neonatal care, in the past 10 years (tax years 2014-2015 to 2024-2025) by NHS trust.

Number of notifications of cerebral palsy, during childbirth, maternity and neonatal care, as a result of negligence in the past 10 years (tax years 2014-2015 to 2024-2025).

Number of cerebral palsy claims settled in the past 10 years (tax years 2014-2015 to 2024-2025) due to negligent childbirth, maternity and neonatal care.

Amount paid out in damages and legal fees for cerebral palsy claims in the past 10 years (tax years 2014-2015 to 2024-2025) due to negligent childbirth, maternity and neonatal care.

A breakdown of the number of notifications, number of claims settled and amount paid out in damages and legal fees for cerebral palsy, in the past 10 years (tax years 2014-2015 to 2024-2025) by NHS trust.

Number of notifications of stillbirth as a result of negligence in the past 10 years (tax years 2014-2015 to 2024-2025).

Number of negligent stillbirth claims settled in the past 10 years (tax years 2014-2015 to 2024-2025).

Amount paid out in damages and legal fees for negligent stillbirth claims in the past 10 years (tax years 2014-2015 to 2024-2025).

A breakdown of the number of notifications, number of claims settled and amount paid out in damages and legal fees for negligent stillbirth, in the past 10 years (tax years 2014-2015 to 2024-2025) by NHS trust.

Our Response

Please find attached the requested information. This information only covers England and **not** the rest of the UK. Our reporting is based on financial years.

Please note: We have recently changed the way we report on our FOIs to align better with our published documents. Streamlining our reporting on FOIs with our annual published reports may mean a variation in snapshot dates. This means this data may not align with previous similar requests and it may not be possible for you to compare this information with a previous request. For further information, please refer to [Understanding NHS Resolution data - NHS Resolution](#)

Claims notified/received in any given year will often relate to incidents that have occurred many years prior. Due to the nature of clinical negligence claims and the level of investigation needed to bring them to a resolution, claims received and notified in a specific year may take years to settle and close. **They are not guaranteed to be settled and closed in the same year.** As such, there will be a time gap between incident and claim closure.

Please note not all incidents and claims received will result in a compensation payment being made.

Due to the way in which data is extracted, it is also possible that the same claim may appear more than once in a dataset, across different year groups e.g. where the case has been closed (as nil damages payment), challenged, reopened, and closed again at conclusion.

Please also note that due to the way in which the data has been extracted and presented, with each injury in separate tables, it is likely that some claims will appear in more than one table – for example, a claim could have both brain damage and cerebral palsy logged as injuries.

We have provided data in relation to our Clinical Negligence Scheme for Trusts (CNST), as the request asked for information on claims against Trusts. Therefore, we have interpreted this request as relating to CNST. For information about our CNST scheme, please visit our website here: [Clinical Negligence Scheme for Trusts - NHS Resolution](#).

Please note: Cover under CNST has also been available to independent sector providers (ISPs) of NHS care since 1st April 2013, but data relating to these ISPs have not been included in our response, as the request was for a breakdown by Trust.

The data shows variation in numbers of cases received, closed per year, and costs attributed to those claims. This is a reflection of the nature of individual claims received and resolved by NHS Resolution which can vary significantly. As such these fluctuations cannot be interpreted as trends.

Please note: these tables should not be interpreted as a league table. Larger member organisations and those which provide more complex treatments may receive more claims than smaller organisations or those providing low risk care. Inevitably, different institutions face different levels of risk because of the variations in the nature and complexity of the procedures they perform. In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Please also note that as the data includes patients that were under 18 years old at the time of the incident, the data may include mothers below the age of 18.

Table 1 shows: - Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' for patients that were under 18 years old at the time of the incident where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Brain Damage**'. Broken down by NHS Trust.

Table 2 shows: - Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' for patients that were under 18 years old at the time of the incident where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Cerebral-Palsy**'. Broken down by NHS Trust.

Table 3 shows: - Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Stillborn**'. Broken down by NHS Trust.

Table 4 shows: - Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2014/15 and 2024/25 with a damages payment for patients that were under 18 years old at the time of the incident, where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Brain Damage**'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement. Broken down by NHS Trust.

Table 5 shows: - Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2014/15 and 2024/25 with a damages payment for patients that were under 18 years old at the time of the incident, where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Cerebral-Palsy**'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement. Broken down by NHS Trust.

Table 6 shows: - Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with a damages payment, where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Stillborn**'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Table 7 shows: - Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with **NIL** damages for patients that were under 18 years old at the time of the incident, where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Brain Damage**'. The data includes the legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Table 8 shows: - Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with **NIL** damages for patients that were under 18 years old at the time of the incident, where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Cerebral-Palsy**'. The data includes the legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Table 9 shows: - Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with **NIL** damages, where the Specialty is '**Obstetrics**' and '**Neonatology**' and the Injury at any level is '**Stillborn**'. The data includes the legal costs paid up until the end of each relevant financial year of closure. Broken down NHS Trust.

PPOs

The information disclosed includes damages and costs paid up to the end of the settlement year (in Periodical payment order (PPO) cases) and up to the end of the closure year in non-PPO cases.

PPOs are an agreement between the parties, to pay an initial lump sum and regular future payments (PPO damages) related to the injured party's ongoing needs, usually care for life i.e., a percentage of the full value of the claim is paid at the point of settlement (lump sum damages) with the balance paid at regular intervals over subsequent years. The information disclosed includes lump sum damages, costs and any PPO damages paid up to the end of the year of settlement. It does not include PPO damages, which have been committed to but due to be paid after the settlement year.

Low figures & Names of Trusts with fewer than 5 claims

We have not provided the information for low figures involved (or high numbers that make it possible to work out a low number) and the names of Trusts with fewer than 5 claims, as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3A) (a) of the FOI Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation. We take the view that it would not be fair or lawful

(given the sensitive and confidential nature of the information held) to disclose such information, and any disclosure would therefore contravene the first data protection principle.

In some instances, the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals' identities, as disclosure could potentially cause damage and/or distress to those involved.

Further to our obligations to provide advice and assistance, you may find it helpful to review the work of the [Getting It Right First Time team](#) with whom NHS Resolution has been working with to undertake in-depth analysis of our claims data. They have produced several [reports](#) from analysing our claims data which has been shared following approval of the confidentiality advisory group to the use of confidential patient information for this purpose.

Please refer to [Understanding NHS Resolution data](#) guidance for further details on how our Claims database is categorised.

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Joanne Appleby](#), Deputy Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF

TABLE OF CONTENTS

NB: Number of claims fewer than 5 (and any associated values, within the same row) are masked with a "#" (in accordance with Data Protection guidelines). Accordingly, some total values may also be approximated to prevent masked values to be deduced through reverse calculation.

Table 1: Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' for patients that were under 18 years old at the time of the incident where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Brain Damage'. Broken down by NHS Trust.

Table 2: Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' for patients that were under 18 years old at the time of the incident where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Cerebral-Palsy'. Broken down by NHS Trust.

Table 3: Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Stillborn'. Broken down by NHS Trust.

Table 4: Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2014/15 and 2024/25 with a damages payment for patients that were under 18 years old at the time of the incident, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Brain Damage'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement. Broken down by NHS Trust.

Table 5: Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2014/15 and 2024/25 with a damages payment for patients that were under 18 years old at the time of the incident, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Cerebral-Palsy'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement. Broken down by NHS Trust.

TABLE OF CONTENTS

NB: Number of claims fewer than 5 (and any associated values, within the same row) are masked with a "#" (in accordance with Data Protection guidelines). Accordingly, some total values may also be approximated to prevent masked values to be deduced through reverse calculation.

Table 6: Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with a damages payment, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Stillborn'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Table 7: Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with NIL damages for patients that were under 18 years old at the time of the incident, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Brain Damage'. The data includes the legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Table 8: Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with NIL damages for patients that were under 18 years old at the time of the incident, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Cerebral-Palsy'. The data includes the legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Table 9: Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with NIL damages, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Stillborn'. The data includes the legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Please note: the tables broken down by Trusts should not be interpreted as a league table. Larger member organisations and those which provide more complex treatments may receive more claims than smaller organisations or those providing low risk care. Inevitably, different institutions face different levels of risk because of the variations in the nature and complexity of the procedures they perform. In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Royal Devon University Healthcare NHS Foundation Trust	11
Warrington and Halton Hospitals NHS Foundation Trust	10
Croydon Health Services NHS Trust	10

Please note: the tables broken down by Trusts should not be interpreted as a league table. Larger member organisations and those which provide more complex treatments may receive more claims than smaller organisations or those providing low risk care. Inevitably, different institutions face different levels of risk because of the variations in the nature and complexity of the procedures they perform. In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Table 3: Number of CNST Claims and Incidents received between financial years '2014/15' and '2024/25' where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Stillborn'. Broken down by NHS Trust.

In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Table 4: Number and Cost of CNST Claims Closed (or settled with a periodical payment order) between financial years 2014/15 and 2024/25 with a damages payment for patients that were under 18 years old at the time of the incident, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Brain Damage'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure, or for PPO matters, year of settlement. Broken down by NHS Trust.

Trusts with less than 5 Claims	136	501,584,878	18,673,243	44,616,511	564,874,632
Grand Total	724	2,591,370,212	97,095,418	245,728,354	2,934,193,984

Please note: the tables broken down by Trusts should not be interpreted as a league table. Larger member organisations and those which provide more complex treatments may receive more claims than smaller organisations or those providing low risk care. Inevitably, different institutions face different levels of risk because of the variations in the nature and complexity of the procedures they perform. In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Table 6: Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with a damages payment, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Stillborn'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.

Please note: the tables broken down by Trusts should not be interpreted as a league table. Larger member organisations and those which provide more complex treatments may receive more claims than smaller organisations or those providing low risk care. Inevitably, different institutions face different levels of risk because of the variations in the nature and complexity of the procedures they perform. In some circumstances, volumes of reported cases may be impacted by multiple claims notified in relation to one cause of action.

Table 6: Number and Cost of CNST Claims Closed between financial years 2014/15 and 2024/25 with a damages payment, where the Specialty is 'Obstetrics' and 'Neonatology' and the Injury at any level is 'Stillborn'. The data includes the damages and legal costs paid up until the end of each relevant financial year of closure. Broken down by NHS Trust.
