The following information was requested on 11 July 2019:

For the years 2005-present (by settlement year)

Value and volume of claims with the cause code "Fail To Warn-Informed Consent"

Displayed by specialty

Displayed by organisation

For this cohort of claims; the average incident date to settlement date.

For this time period please also provide the value and volumes for all claims in CNST by settlement year,

Our Response

Please find attached the requested information. Claims recorded against the Department of Health and Social Care (showing as Department of Health) are liabilities arising from defunct NHS organisations which transferred to the Secretary of State for Health and Social Care when those organisations were abolished.

Please note we have suppressed low figures and we are unable to provide you with information about individual cases as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3) (a) (i) of the Freedom of Information Act 2000, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation.

In some instances the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals' identities', as disclosure could potentially cause damage and/or distress to those involved. Where we are in the territory of such small numbers in the attached, we have used a '#' symbol in the relevant field. You should still be able to see aggregate/total details for higher level fields containing this data.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Head of Corporate and Information Governance for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
