The following information was requested on 13 January 2020:

*Copies of all e-mail correspondence sent to/from the Chief Executive of NHS Resolution concerning the Infected Blood Inquiry or the Contaminated Blood Products Group Litigation during the period 1st Jan 2018 - 31st April 2018. I also wish to narrow this request by stipulating that only correspondence which has been sent or received by NHS Resolution or other Government Departments (Such as DHSC) should be included. This would, therefore, exclude any correspondence sent directly to or from the Infected Blood Inquiry or other 3rd parties which are totally independent of Government. Please also include any attachments on such emails.*

## **Our Response**

We have carried out searches relevant to your request above and confirm that we cannot locate any correspondence on this topic with DHSC or other Government Departments during the period stipulated.

## **This concludes our response to your request.**
