Telephone: 020 7811 2700

June 2021

FOI_5077

The following information was requested on 1 June 2021:

Please provide the following information under the Freedom of Information Act.

1) Please provide a list of the 10 NHS Trusts that had the most claims of clinical negligence made against them in 2019/20 and 2020/21 respectively.

2) Please provide a list of the 10 NHS Trusts that paid out the most in damages for clinical negligence in 2019/20 and 2020/21 respectively.

3) Of the above, for each of the Trusts identified in part one and two, please provide the clinical department associated with the clinical negligence claims (e.g. A&E, obstetrics, paediatrics etc.)

4) Please also provide a list of the 10 NHS Trusts that paid the most legal defence fees for 2019/20 and 2020/21 respectively.

5) Finally, please provide a list of the 10 NHS Trusts that paid the most in claimant legal costs for clinical negligence claims in 2019/20 and 2020/21 respectively.

Our Response

Please find attached the requested information. This information only covers England and not the rest of the UK.

We have provided information for the financial year 2018/19 and 2019/20. The information for the year 2020/21 is currently being audited and will be available from August 2021. We hope the information provided is helpful.

Please note claims notified/received and open are not guaranteed to be settled in the same year and can take many years to be concluded. Claims notified/received in any given year will often relate to incidents that have occurred many years prior.

Claims closed and settled in one year will often relate to claims notified/received in different years. Many of the claims notified will have been repudiated and settled without damages paid.

We have suppressed low numbers as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3)(a)(i) of the FOI Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation. We take the view that it would not be fair or lawful (given the sensitive and confidential nature of the information held) to disclose such information, and any disclosure would therefore contravene the first data protection principle.

In some instances the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals identities', as disclosure could potentially cause damage and/or distress to those involved. Where we are in the territory of such small numbers in the attached, we have used a '#' symbol in the relevant field. You should still be able to see aggregate/total details for higher level fields containing this data.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Head of Corporate and Information Governance for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF
