July 2021

FOI_5104

The following information was requested on 23 June 2021:

[Follow up to FOI_5070]

Also appreciated is the offer to provide the following information, which I would be very grateful if you could provide:

"In order to assist you further we would be willing to provide you with the total number of claims received in a financial year for each Trust you are interested in, a breakdown by Specialty, Cause of claims and the Injury recorded on the system."

Is it possible to have this data for the last 5 complete financial years please?

[Trusts Specified in FOI_5070]

*West Hertfordshire Hospitals NHS Trust
East and North Hertfordshire NHS Trust
Princess Alexandra Hospital NHS Trust
Hertfordshire Community NHS Trust
Hertfordshire Partnership NHS Foundation Trust
Barking, Havering and Redbridge University Hospitals NHS Trust
East Suffolk North Essex NHS Foundation Trust
Basildon and Thurrock University Hospitals NHS Foundation Trust
Mid Essex Hospital Services NHS Trust
Medway NHS Foundation Trust
Southend University Hospital NHS Foundation Trust
Dartford and Gravesham NHS Trust
North Middlesex University Hospital NHS Trust
Oxleas NHS Foundation Trust
Cambridge University Hospitals NHS Foundation Trust
North West Anglia NHS Foundation Trust
Bedford Hospital NHS Trust
West Suffolk NHS Foundation Trust
East of England Ambulance Service NHS Trust
Papworth Hospital NHS Foundation Trust
Cambridgeshire and Peterborough NHS Foundation Trust
Cambridgeshire Community Services NHS Trust*

Our Response

Please find attached the requested information. Please note Southend University Hospital NHS Foundation Trust name changed to Mid and South Essex NHS Foundation Trust.

Basildon and Thurrock University Hospitals NHS Foundation Trust and Mid Essex Hospital Services NHS Trust were acquired by Mid and South Essex NHS Foundation Trust.

Please note claims notified/received and open are not guaranteed to be settled in the same year and can take many years to be concluded. Claims notified/received in any given year will often relate to incidents that have occurred many years prior.

Many of the claims notified will have been repudiated and settled without damages paid.

We have suppressed low figures and we are unable to provide a yearly breakdown as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3A)(a) of the FOI Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation. We take the view that it would not be fair or lawful (given the sensitive and confidential nature of the information held) to disclose such information, and any disclosure would therefore contravene the first data protection principle.

In some instances the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals identities', as disclosure could potentially cause damage and/or distress to those involved.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

This concludes our response to your request.

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Head of Corporate and Information Governance for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in relation to information requests are

carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House
Water Lane
Wilmslow
Cheshire
SK9 5AF
