FOI\_5790

The following information was requested on 24 January 2023:

*I am asking for the number of medical negligence claims made against individual NHS hospitals in the last full year of data you have. I require the following details within the information you provide:*

- *Hospital name*
- *Trust name*
- *Year of data*
- *Number of admissions*
- *Number of hospital beds*
- *Number of negligence claims received*
- *Number of Letters of Claims received*
- *How many SIRI / RCA / Serious Incident reports have you prepared*
- *Number of claims settled*
- *Amount of compensation paid out*
- *Does the hospital have a maternity ward?*
- *Gender of claimants % (male/female/other)*

[As advised in our e-mail of 1 February 2023]:

*We are not a Trust. We do not hold **all** of the information in your request.*

*It may be helpful to understand the role of NHS Resolution. NHS Resolution was established to provide the following service:*

- *Claims Management – providing indemnity schemes for the NHS in England and resolving claims for compensation fairly.*
- *Practitioner Performance Advice – assisting healthcare organisations with resolving concerns about the performance of individual practitioners.*
- *Primary Care Appeals – ensuring the prompt and fair resolution of appeals and disputes between primary care contractors and NHS England.*
- *Safety and Learning – supports our Claims Management service members to better understand their claims risk profiles to target their safety activity while sharing learning across the system.*

*Please refer to our publication: [Guidance-note-Understanding-NHS-Resolution-data-Final.pdf](#) and a set of codes against which claims are logged: [CNST-Codes.xlsx \(live.com\)](#) (see the three tabs in the spreadsheet).*

*In terms of the Claims data that we publish please see the following links:*

- *Data relating to NHS Resolution claims covering the period 2006/07 and 2020/21. - [Annual statistics - NHS Resolution](#)*
- *Factsheet 5 - This factsheet provides information about trust and health authority claims we handled in 2020/21. - [Factsheet 5 – trust and authority claims data 2020/21 - NHS Resolution](#)*

*We can provide you with Claims Data for NHS Trusts in England, but we do **not** hold information such as:*

- *Hospital name*
- *Number of admissions*
- *Number of hospital beds*
- *How many SIRI / RCA / Serious Incident reports have you prepared*
- *Does the hospital have a maternity ward?*

## **Our Response**

Please find attached the requested information that we do hold. This covers Trusts in England.

**Table 1 shows:-** Number of CNST Claims and Incidents Received in Financial Year 2021/22 broken down by Trust.

Please note claims notified/received and open are not guaranteed to be settled in the same year and can take many years to be concluded. Claims notified/received in any given year will often relate to incidents that have occurred many years prior. Due to the nature of clinical negligence claims and the level of investigation needed to bring them to a resolution, claims received and notified in a specific year may take years to settle.

Many of the claims notified will have been repudiated and settled without damages paid.

**Table 2 shows:-** Number of CNST Claims and Incidents Received in Financial Year 2021/22 broken down by Gender.

**Table 3 shows:-** Number and Cost of CNST Claims Closed/Settled in Financial Year 2021/22 with damages paid (includes the damages paid to date for any claims settled on a periodical payment order basis) broken down by Trust.

**Table 4 shows:-** Number and Cost of CNST Claims Closed/Settled in Financial Year 2021/22 with damages paid (includes the damages paid to date for any claims settled on a periodical payment order basis) broken down by Gender.

## **PPOs -**

The information disclosed includes damages paid out in the relevant period under Periodical payment orders (PPO) previously agreed on cases, which may have been resolved several years ago. It does not include sums, which have been committed on settlements in the relevant period under a PPO, which may not be paid out until future years. PPOs are an agreement between the parties, to pay an initial lump sum and regular future payments covering the injured party's ongoing care needs, usually for life i.e. a percentage of the full value of the claim is paid at the point of settlement with the balance paid at regular intervals over subsequent years.

## **Low Numbers**

Please note we have suppressed low figures as we believe that disclosure of information with this level of granularity is exempt under Section 40(2) by virtue of section 40(3A) (a) of the Freedom of Information Act, where disclosure to a member of the public would contravene one or more of the data protection principles. The data protection principles are set out in Article 5 of the General Data Protection Regulation.

In some instances the low numbers of claims (fewer than 5) in each category, the likelihood exists that individuals who are the subject of this information may be identified either from this information alone, or in combination with other available information. In addition to this, as this information is considered to be sensitive personal data (the data subjects' medical condition); NHS Resolution believes it has a greater responsibility to protect those individuals identities', as disclosure could potentially cause damage and/or distress to those involved. Where we are in the territory of such small numbers in the attached, we have used a '#' symbol in the relevant field. You should still be able to see aggregate/total details for higher-level fields containing this data.

Further to our obligations to provide advice and assistance, you may find it helpful to review the work of the [Getting It Right First Time team](#) with whom NHS Resolution has been working with to undertake in-depth analysis of our claims data. They have produced a number of [reports](#) from analysing our claims data which has been shared following approval of the confidentiality advisory group to the use of confidential patient information for this purpose.

If you would like to know how data is categorised in our Claims database please see the following link: [Glossary](#)

## **This concludes our response to your request.**

If you are not satisfied with the service that you have received in response to your information request, it is open to you to make a complaint and request a formal review of our decisions. If you choose to do this, you should write to [Tinku Mitra](#), Deputy Director of Corporate and Information Governance, Data Protection Officer for NHS Resolution, within 28 days of your receipt of this reply. Reviews of decisions made in

relation to information requests are carried out by a person who was not involved in the original decision-making about the request.

If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a review of the decision. Generally, the Information Commissioner will not make a decision unless you have exhausted the local complaints procedure. The address of the Information Commissioner's Office is:

Wycliffe House  
Water Lane  
Wilmslow  
Cheshire  
SK9 5AF
